\*\*\* END OF LIST \*\*\*

**Note:**

- Candidates who have responded to the invitation to be included in the 4th round through dashboard only have been included in this list. Sufficient time was given to the candidates after 3rd round allotment process.
- Candidates holding a seat allotted in previous round, but willing to seek better course option were instructed to submit undertaking form to the Head of the Institutions in which they are studying (applicable only to the participating colleges in Group IV).
- Candidates who have not submitted the undertaking form to the Head of the Institutions have been eliminated in this list. Such candidates can opt to choose better course option during Mop Up counseling.
- Candidates who have been allotted a seat with Date of Allotment marked other than 12/9/2018 in this list implies that the opted choice could not be allotted to them in this round.
- This provisional allotment list is published after considering the concerns raised by the candidates through online submission till 5.30 p.m. on 13.9.18.
- This round includes the candidates holding seats allotted in the previous allotment who seek to switch over to some other course of their choice. If such candidates are allotted a course of their choice, the seat held by him/her is released which is possible to be allotted only to the wait listed next to their merit position only. Hence, for a few courses it is likely that a candidate with low merit mark be allotted the seat which is released by the candidate who was reallocated another seat. This process is the emulation of the manual and interactive counseling conducted traditionally.
- The candidates for whom the Date of Allotment is shown to be 12/9/18 can download the allotment order through dashboard and join the respective colleges on or before 17/9/18. Candidates with Date of Allotment other than 12/9/18 will not be shown allotment order. That is, there is no change in allotment for them.
- There are about 450 seats left vacant under various categories in the participating colleges for which a final mop up counseling is planned to be held at the regional levels on or after 18/9/18. The detailed schedule will be published in the website.

COORDINATOR (ADMISSIONS) - CENTAC
