4. On 09.03.2020, the Fee Committee heard the submissions of PIMS, SMVMC&H and SVMCH&RC for separate NRI quota fee for Postgraduate Medical courses and decided that the Hon'ble Supreme Court Judgment clearly states that, "Profit" cannot be motive for the Medical Colleges. Hence, no increase for NRI quota vis-à-vis management fee can be considered, as they are not to earn profit from educating students. Moreover, NRI seats are a subset of the Management seats and hence the Managements of PIMS, SMVM&H and SVMCH&RC could provide no logic for justifying a separate fee structure for NRI quota. No EWS student's admissions could be intimated by any of the Colleges to justify any increase in NRI fees, hence the same is rejected.
5. Guidelines have been given by the Hon'ble Supreme Court of India in a number of cases as to how the fee is to be fixed for an educational Institution and what are the permitted parameters and what are not to be allowed and disregarded while fixing the fee. Commercialization of education is prohibited.
6. The Committee is of the view that the request for fixation of fees for NRI quota as made by the colleges would be on the very higher side since there is no specific material to substantiate the fee proposed by the Institutions.
7. The Committee has also taken in to account the increase in salaries for the teaching and non-teaching staff and other expenditure due to inflation. The Committee has to protect the interest of the Management of the Institution on the one hand and that of the students on the other. No undue burden should be allowed to be put on the students and at the same time the Management should not be put to any hardship.
8. The Educational Institutions are not entitled to collect any kind of fees under any guise except the fees fixed by the Committee. Any deviation will amount to violation of the orders of the Hon'ble Supreme Court of India and stringent action will have to be taken against the management by the appropriate authorities like the Government of Puducherry, MCI and the Pondicherry University. The penal actions for violations shall also include withdrawal of approval by the MCI and disaffiliation by the University concerned along with hefty fine as penalty.
9. For NRI fees, the same is a subset of 50% Management quota fees. Hence, there was no logic of having a separate fee for NRI quota other than that of Management quota. PIMS application dated 13.02.2020, Sri Manakula Vinayagar Medical College and Hospital application dated 05.02.2020 and Sri Venkateshwaraa Dental College application dated 14.02.2020 was considered and there was no logic for fixing a separate NRI quota as no logic for the same could be provided by any Medical Colleges despite they being provided adequate opportunity to explain which they could not.

10. There is no reason to fix a separate fee from that of the Management fee for NRI students for 2020-21, 2021-22 and 2022-23, as no extra burden is placed on the Medical Colleges due to the same. The fees fixed in Puducherry are already the highest in the whole of South India as was expressed in the earlier meeting in order dated 19.06.2019 of the Fee Committee.

11. The Committee is of the view that the request for fixation of fee for NRI quota is not justifiable since no specific material has been placed on record by any College to substantiate the fee proposed by the Institution. In fact, the fees prescribed in Puducherry is one of the highest in the whole of South India. Hence no fixation of fees for NRI quota vis-à-vis Management fee can be considered in the absence of any rational justification for the same.

12. Accordingly, the Hon'ble Lieutenant Governor of Puducherry is pleased to approve the recommendation of the Fee Committee and to order that there is no need of fixation of fees separately under NRI quota for the Postgraduate Medical courses.
