PRESS RELEASE

CENTAC/Admin/2020-21

Date: 08.06.2020

Minority Quota (Management Seats)

As per the directions of the Health Secretariat, the unfilled minority Quota seats during second round of counselling need to be filled up as open merit management quota seats based on the merit list on All India basis. There has been request to convert these seats after exhausting minority quota students in the second round itself as the allotment is done using a computerised module.

Accordingly, the unfilled PG Medical / Dental minority quota seats after second round in PIMS and Sri Venkateshwaraa Medical College will be converted into Management Quota seats (All India basis) after exhausting minority quota candidates.

Accordingly, willing candidates can submit choices for the management quota PG Medical/Dental seats in PIMS and Sri Venkateshwaraa Medical College. The choices are enabled and the willing students may accordingly update the preferences.

Students should note that, if they fail to join after the seat (management quota) is allotted, the registration fee of Rs 2,00,000/- will be forfeited.
